BAA AWARDS SIX \$2,000 SCHOLARSHIPS IN 2010!

The past two years (2008 and 2009), BAA awarded five \$2000 scholarships. This year six \$2000 scholarships are being awarded. Our sincere thanks to the Peggy & Steve Fossett Foundation for another very generous contribution, which helps make this possible. And...thanks to all alumni who have donated to the scholarship fund.

nationwide. She says she wants "to improve the next generation by making children thrive and learn at an early age."

With that in mind, to prepare herself she has contributed to the BHS newspaper and worked with the yearbook staff. Madeline has contributed articles concerning issues of local interest and experience with the BHS Debate Team. While concentrating on a future in journalism, in charity activities and worked for

she also participated in the YMCA.

and, while achieving such a high academic record, she has taken various courses and has been very active with the St. Louis Center of Creative Arts (COCA).

MARGARET FORD: Plans to attend the University of Missouri, Columbia. As of interview date, she was undecided as to her major. She thoroughly enjoys art and has participated in workshops; she also placed 40th of over 300 entries in St. Louis' annual Neediest Cases contest. Margaret enjoys volunteering with the National Honor Society; in her senior year she also served as Vice

President of the Society. She finds great satisfaction in community service.

TOM WRIGHT: Plans to attend the University of Missouri, Columbia, and major in Political Science. He has a deep interest in politics and worked actively for one of the last presidential candidates. basketball and baseball, and served as captain on some of those teams. He credits the BHS Debate Team with offering great experience for qualities needed to be successful in his career choice. He also has an impressive record of volunteering.

Dues are \$15 for a single alumnus and \$25 for a couple. Of course, this is just a minimum. We would gladly welcome anything extra you may be able to give the Association and the Scholarship Fund. You can send us a check (1201 Hanley Industrial Ct., Brentwood, MO 63144-1911) or go through the website (www.brentwoodhsalumni.org) to use your credit card. Thanks to all of you for paying your dues in a timely manner and supporting this wonderful organization.

****Your Class Representatives need all the help that you can give them!!! Each Brentwood Alumni Association (BAA) Board member is now working with five separate Class Representatives sharing some of the following ideas:**

Our "3rd Weekend in September" All-School Reunion is a growing success as alumni gather for the celebration of BHS memories. All alumni are invited to the party on the BHS patio on Friday from 4 to 7 pm. Many of the "5 year classes" will have parties later in the evening. All BHS alumni are invited to either the Hall of Fame recognition in even years, or the BHS Football Game in odd years. The Brentwood Days Parade begins on Saturday at noon and all alumni are encouraged to participate. Several classes will gather at Brentwood Park for Brentwood Days. Many very special class parties will burst with joy on Saturday night and on Sunday, some will enjoy brunch together while others will enjoy the BAA Golf Scramble at Pevely Farms Golf Club.

Board members will ask your Class Representative to spread the word among your classmates to recognize deserving outstanding alumni as members of the BAA Hall of Fame.

Help us update *alumni address records*, including email, telephone and cell phone; a great way to improve communication, especially for reunion planning.

We are always looking for newsworthy articles to place in the newsletter and on the BAA website.

Special Note: In our February 2011 Newsletter, learn about our *special spring event* for all alumni to attend.

**** The Brentwood Alumni Association adopted a policy for Distribution of Information. BAA will cooperate in the distribution of information from groups associated with BHS or organized to assist with projects associated with the school. The policy is available on the website www.brentwoodhsalumni.org.**

Strange, New Worlds in the City of St Louis

I have always loved history, loved antiques, and loved old houses. After purchasing a "star bolt" from a flea market, I decided that I wanted the house to go with it. I bought a home in Lafayette Square in 1992, before the "boom" in that area. Needless to say, my family and friends were mortified that I was moving into "the city." I was truly in danger! The home was built by a widow in 1887, and I was its fifth owner. Fortunately, the home always had a roof, windows and doors (not all homes in that area could boast that). I was now the keeper of this historic gem, in "the city" and I was not going to let Emma (the original owner) down. So, cleaning, painting, and removing wall paper began. There was nothing major to do to the home until the HVAC failed and the roof leaked. Then, the house needed painting and

ACROSS THE DECADES

Down Memory Lane.....

Shop Class with Mr. Hilyard

Did You Know?

The girls had to take Shop class and the boys had to take Homemaking in 7th or 8th grade sometime in the 1950's? Even then there was equal opportunity. Of course, the boys did not appreciate having girls in their Shop class. Here is a picture of a plastic letter opener sent in by Suzanne Rush '59. Jan Wynn Miles '59 also remembers melting plastic and twisting the handle. Judy Heynen Robinson '59 said they also made a fish-shaped cutting board out of wood; she still has it after all these years.

Jan also remembers making a camera out of a coffee can in Jack Sadler's science class. Judy also made an apron in Homemaking. (The editor remembers, also, making an apron in Mrs. Karshner's Homemaking class; she still has it, too).

FROM RON '64 AND JAN BRUNNER STAHL '65

I remember Mr. Anderson directing the orchestra most vividly when I was portraying "Marian the Librarian" in the Music Man! And Miss Langenbacher's stares if you didn't keep your eyes on her when she was directing! And Mr. Bierdeman. I'll let Ron tell that story.....

During 1963-1964, Mr. Bierdeman tried to teach music to Ken Stroup and me. We tried our best to consistently avoid his efforts to provide us with culture.

One day, after a particularly frustrating music class, we decided to play a joke on him. Ken and I and several football player friends of mine lifted his Volkswagen out of its parking spot on the street and set it down on the sidewalk. Needless to say, he was very upset and vowed to get the guys responsible. He never did!!!

BRENTWOOD ALUMNI 2010 HALL OF FAME

HALL OF FAME INDUCTEES SET HIGH STANDARDS

The third group of Brentwood High School Hall of Fame inductees include four graduates who have achieved high levels of success in their chosen fields and in their contributions to their communities. This "Hall of Fame Class of 2010" will be officially inducted in a ceremony scheduled for 7:00 p.m. on Friday, September 17, 2010 in the high school auditorium. The Hall of Fame Committee worked diligently to research and identify the candidates that we felt met our criteria. We have a strong field of nominees for 2012, and it is the pleasure of the HOF Committee and the Brentwood Alumni Association Board of Directors to introduce you to the 2010 inductees:

G. RICHARD OSCARSON (*Class of 1953*) – Dick graduated with a degree in Business from Brigham Young University, after which he served two years as a volunteer missionary for the Church of Jesus Christ of the Latter Day Saints in Sweden. He spent his 32-year career at Edison Brothers Stores from which he retired in 1992 with the title of Vice President for Real Estate. From 1975 to 1978, he was granted a three-year absence so he could serve as a volunteer Mission President for the Church in Stockholm, Sweden. During this period he was responsible for 350 young volunteer missionaries and all Church and member activity in congregations throughout Sweden. He has been the Honorary Council for Sweden since 1978 and received the Royal Order of the Polar Star from the King of Sweden in recognition of his volunteer service. He has been a volunteer neighborhood commissioner for the Boy Scouts of America, Ambassador for the United Way and president of the Missouri Coalition for Traditional Marriage. Dick is currently the President of Enterprise Mentors International, a not-for-profit, non-sectarian humanitarian organization. The purpose is to assist struggling families around the world to become self-reliant through training, mentoring and micro loans. Dick lives in Chesterfield, MO with his wife, Linda; they have six children and 19 grandchildren.

MICHAEL R. ROONEY (*Class of 1962*) – Michael graduated from Missouri University-Columbia with a degree in Business. After receiving a draft notice, he joined the Air Force. Four and a half years later, after having met and married his wife Ruth and having served a tour of duty at Mather Air Force Base, he was discharged at the rank of Captain. GI bill in hand, he enrolled in the Arizona State University College of Law, where he graduated with honors and was a member of the Law Review. He joined the firm of Sacks Tierney and remains there. Michael and his wife have three grown children. His passion for 10 years has been assisting and supporting homeless families; he is currently a "Patron of UMOM," the largest homeless shelter in Arizona offering 100,000 beds each night. He served for 3 years as president and was chairman of the Foundation Gift Committee for the on-going \$18 million dollar capital campaign. Michael is the sole manager of the Supreme Court Justice Sandra Day O'Connor Project, which has as its goal the preservation of the O'Connor residence. The project will soon be available to the general public for meetings relating to civil discourse and social justice. Michael has maintained his passion for scouting since his own days as a Boy Scout and Eagle Scout in Brentwood. He is currently the Western Region Commissioner, responsible for Commission Service in all of the Boy Scout councils in the Western Region of the United States. Rooney is the president of the Tempe Community Council, a 501(c)(3) not-for-profit corporation which recommends to the city how it will distribute approximately \$1.2 million in federal, state and city funds to about 33 nonprofit entities providing social services to residents. He serves by appointment of the Arizona governor on the Arizona Commission for Postsecondary Education-Oversight Committee and is a trustee for Prescott College.

FRED ABRAMS (*Class of 1961*) – Fred graduated from Washington University with a Bachelor's Degree in Mathematics and then earned a Master of Science Degree in Systems Management from the Air Force Institute of Technology where he was a distinguished graduate and elected to Tau Beta Pi fraternity. He is currently pursuing a PhD in Project Management at Southampton University in the U.K. Fred spent 27 years in the United States Air Force and retired as a full Colonel. He was the number one graduate of 370 from the USAF Pilot training program. He was a fighter pilot who earned two Distinguished Flying Crosses; he flew F-100, F-4 and F-15 aircraft in the U.S., Vietnam and England. After retiring from the USAF in 1992, Fred became President, Principal, and Co-Owner of The Dayton Group in Dayton, Ohio. The company serves commercial, academic, and government customers needing assistance in project management. Fred spent 20 years as a Boy Scout Leader - Wood Badge Trained. He was the leader of his troop's exchange program with French and German troops. Among many other accomplishments, he is a past president of the Montgomery County (OH) Historical Society, and led the Dayton Rotary project to tutor public high school seniors, with multiple failures in math, to pass the Ohio Mathematics Proficiency test needed to graduate. Fred is currently leading a project to establish an AIDS orphan sanctuary in Kenya that is energy, water and food self-sufficient with health care and education for children from the most dangerous slum in Africa. It was recognized in 2009 as one of the top cooperative projects from among 33,000 Rotary Clubs. Fred is married to Jeri; they have 4 children and 5 grandchildren. Both are completing writing a book about dealing with grief and life rebuilding after losing a spouse. They met as a widow and widower. The book is entitled "Thanks for the Dance" and is to be published by September.

ANDEE IDE EVERS (*Class of 1980*) – Andee married and moved to Arkansas in 1983. A ballerina who enjoyed the cultural life of St. Louis, she spent 4 years in a state of "culture shock" before she did something about it. To share her love of the arts, she began teaching ballet lessons to a small group of young children in a friend's garage in Maynard (a town of 300.) A year later she moved her studio to Pocahontas with a population of 6000. In the beginning the only class offered was ballet, but as the years passed she invited other teachers to join the Studio for the Arts and soon students were studying art, drama, voice, and Ozark clog dancing. To this day, over 300 students come from a 120-mile radius to attend classes. As the studio grew, Evers had an ongoing problem with housing its growth. So in 1994, she purchased the old 1941 "Imperial" movie house in downtown Pocahontas. She spearheaded an unbelievable volunteer effort to renovate the old theatre, involving people of all ages and walks of life to paint and bring the Imperial back to life in a fresh new form. This took one year. Andee's "Imperial Players Company" came into being and the Imperial Dinner Theatre soon became a tourist attraction. In 2000, she began raising funds for the construction of a \$2 million dollar studio, designed to have everything a high tech theatre needed and classrooms for the students. Evers has been the recipient of the Arkansas Governor's Arts In Education Award in 1996, Arkansas Woman of Achievement Award, and the 1998 Modern Woodman Community Service Award. She has been featured in numerous business magazines for her skill in non-profit management and her contributions to the local economy and has built a "cultural arts" region from the ground up.

After 7 years on the Brentwood Alumni Association board, I am now stepping down. In 2003, I was lucky to be a charter board member. What a wonderful opportunity that has been! Trying to locate all Brentwood High graduates since 1929 has been a challenge, but with great help from numerous alumni, especially the class representatives, we have found 3,400, and best of all, in the process have made lots of new friends. It is so heartwarming to see the many generations continuing their education at BHS and hearing many good memories from the past.

At the 10th reunion for the BHS Class of 1959, Larry Moskoff '59 asked me to come to work for him and his brother, Bill '60, at Bock Pharmacal company--the beginning of a great career for me. When the pharmaceutical company was

sold to Sanofi-Aventis, I retired as Manager, Trade Relations after 28 years. My husband, Jack, and I will celebrate our 40th anniversary this December. Together, we have 5 sons, Kevin, Ken, David, Michael and Jeff, 6 grandchildren ranging in age from 5 to 26, and I'm blessed to still enjoy life with my mother who is 96.

Hobbies are letting the grandkids keep me young, exploring architecture in the city of St. Louis, reading, cooking, baking, cake decorating, scrapbooking, continuing an ancient stamp collection, plus volunteering as a reading tutor for kids in kindergarten through third grade for OASIS and keeping the database updated for Brentwood Alumni Association. Try volunteering for BAA. You would love it!

ALUM SPOTLIGHT CONT. FROM PG 2

(Missy Reisenleiter '71)

the gutters were not big enough. Oh my, the joys of a historic home!

Actually, these issues are no different than a "modern" home. But, there are certainly "tricks of the trade" when dealing with historic homes and their quirks. A few years ago, the restoration "boom" hit, and my family and friends began to brag that I lived in Lafayette Square, instead of fearing for my life. They finally saw what I had seen all along.

In 2006, I got married. My husband moved into my historic house, and we realized that this home was not big enough! So, we sold "my" house in Lafayette Square and bought "our" house in Old North St Louis. Fortunately, my husband loves history and old things (including me). The home we purchased in Old North is also a historic gem, built in 1886. This home was one of the first to "turn over", fresh from a loving rehab over the last 5 years. The former owners gave us a wonderful "foundation" for us to finish some projects on the first two floors, and build-out the third floor. Old North is coming alive with folks who have discovered this hidden, lovely historic area of St Louis. Many of you may know the area because of a visit to Crown Candy Kitchen. This area has a way to go; it is not Lafayette Square, but my husband and I are proud to be a part of this historic district's future. Come see this strange, new world!

IN MEMORIAM – ORES

DONALD K. ANDERSON; MARINE VETERAN, MUSIC TEACHER *Condensed from an article by Paul Hampel – St. Louis Post Dispatch – May 20, 2010*

As a Marine who survived epic battles at Iwo Jima and Guam in World War II, Donald K. Anderson returned home with a motto that shaped the rest of his life: “Don’t let anyone ever tell you that you can’t do something.”

Mr. Anderson, 85, died May 16, 2010 at the Missouri Veterans Home in Cape Girardeau, MO. He had been in declining health for several years with Alzheimer’s disease. Mr. Anderson taught music, played piano professionally, dealt in real estate, and helped his father open and operate a music store. He grew up in Jennings, MO and joined the Marine Corps out of high school. He went to the Pacific Theater and participated in the landings on the Japanese-held island of Iwo Jima, which produced some of the fiercest combat of World War II and watched from the foot of Mount Suribachi as the U. S. flag was raised – twice.

Upon returning from the war and disheartened that his father, Robert Anderson, a skilled violinist, was working in a factory, he used money he had earned while fighting in the war to help his dad open Anderson’s Music store in Normandy. Mr. Anderson earned bachelor’s and master’s degrees in music from Washington University. After graduating, he wrote teaching aids and textbooks and taught music at BHS from 1956 until his retirement in 1982. He played piano professionally at such venues as the Fox Theatre and the Muny and even played the calliope on the Admiral when the riverboat cruised the Mississippi River. In later years, Mr. Anderson invested in real estate and owned and managed apartment buildings in Clayton and Maplewood.

Note: Maxine Gray Reisenleiter '41 wrote that Don Anderson was so patient with his students and laughed whole-heartedly at the pranks played on him; there were many! One night, right before a big concert, Harry Reisenleiter 65, Maxine's son, and Al Ford '65, decided to stuff their upper lips to look swollen, and walked in to tell Don that they couldn't play their trumpets; he turned ashen, they couldn't hold back any longer and confessed. He laughed as hard as they did on the prank for which he had fallen.

STEVEN BRADLEY; SPEECH, MEDIA, AND THEATER ARTS TEACHER *Submitted by Paul Inman '86*

**’Twas brillig, and the slithy toves
Did gyre and gimble in the wabe;
All mimsy were the borogoves,
And the mome raths outgrabe. – Jaberwocky by Lewis Carroll**

On September 23, 2005, Steven Bradley passed away at home from complications of prostate cancer - he was 58. This news is certain to be met with sadness by the hundreds of BHS students whose lives were touched by his teaching, his love of the theater and his humor. Mr. B taught at BHS from 1975 to 1992 as the Drama and Media Director. During that time, he directed dozens of school plays, taught speech, media and theater arts, and was active in developing the school’s technology. Mr. B was born August 24, 1947, in Holland, Michigan. He and wife, Linda, were married in 1970. Steve spent almost 30 years as an educator and administrator in public and secondary education. He was a loving and devoted husband and father and avid lover of the outdoors. Steve moved his family to Bellingham, Washington in 1996. He is survived by his wife Linda and children John and Megan of Bellingham, as well as his mother, two brothers, and two sisters.

REGISTER NOW FOR THE BRENTWOOD ALUMNI WEEKEND GOLF SCRAMBLE

Registration is now open and it's not too early to begin contacting friends and classmates for this year's Brentwood Alumni Association Golf Scramble. Last year 48 players representing 13 different classes participated in this fun golf gathering of family, friends and fellow alumni.

The scramble is set for a 1:00 p.m. shotgun start on Sunday, September 19 at scenic Pevely Farms Golf Club. If you haven't played Pevely, it is the ultimate experience in Missouri golf. While many courses have one scenic hole, Pevely Farms is one post-card-worthy view after another and, if not for the golf, worth a cart ride through its beautiful fairways, hills and valleys.

All levels of players are encouraged to participate. You can be as competitive as you wish but the primary goal is for everyone to enjoy the camaraderie of four-person teams in a beautiful, friendly atmosphere. You don't need to be great to participate. If you can drive a cart and wield a club you need only to be as good as the best shot played. In a scramble, each team plays the best shot from all four players throughout the game. This year's event will include an opt-in skins game, a long putt contest and flighted first and second place team awards. Teams can include family, friends and members of other alumni classes, but each team must include two BHS alumni players.

Cost for each player is \$70, which includes a gift bag, cart, unlimited practice range balls, 18 holes of scenic golf and prizes.

Registration deadline is September 1. Don't wait as space is limited and participation is accepted on a first come, first served basis. Registration can now be completed online by accessing the Brentwood Alumni website, www.brentwoodhslumni.org and clicking onto Golf Registration.
